

Side Events Overview * - Week 1 - Week 2

IETA's COP17/CMP7 Side Events Program will be hosted at Standard Bank's premises, a short walk from the International Convention Center (ICC), the venue of official COP17/CMP7 activities. Again this year, IETA's COP Side-Events provide the business community with an exceptional platform to exchange information, network, and keep abreast of the latest climate policy & market developments.

IETA's "Daily Durban Updates" are 30 minutes sessions where you will be able to catch all the main information from the negotiations.

IETA's Side-Events will provide attendees with a varied program with high level panellists covering a number of key facets of the carbon market.
